DAVID FUTTER TALKS ABOUT CRACKSMAN

"Since joining us from Dalham Hall Stud, Cracksmán has settled in very well. He represents an outstanding opportunity for breeders. His oldest progeny are now five years old and include 22 career Stakes performers, nine of which have raced this year. Yearlings from his 2025 crop have sold to discerning judges for up to £150,000, and his latest crop comprises 81 foals. He is a stallion who has already achieved a great deal, yet promises even more.

He has sired a European champion and Ace Impact, the World Champion and Arc de Triomphe winner. Very few stallions accomplish such feats in a lifetime, and his list of winners over jumps continues to grow."

DAVID FUTTER

"I very much view Cracksmán as a serious Dual Purpose Stallion and bought 4 cracking yearlings by him this autumn, most notably an exceptional looking filly for €160k at the Goffs Orby Sale to join Joseph O'Brien."
